

PURA[®] NFC

EVERY FACADE,
STUNNING FOR DECADES

HIGH-PERFORMANCE EXTERIOR SIDING

TRESPA[®]

PURA® NFC

The durable siding

Pura® NFC clads buildings in enduring elegance – maintaining its beauty and smooth surface in the face of the elements. Its rich hues are sealed in, so its color remains over years and seasons.

This premium siding is designed to be durable, low maintenance and easily installed.

High impact and scratch resistance

Hassle-free maintenance

Once installed, never redone

High performance exterior siding

PURA[®] NFC NFPA 285 COMPLIANT ASSEMBLY

Pura[®] NFC is a high-pressure decorative exterior-grade compact laminate. NFPA 285 may apply to its use in specific types of buildings. If so, facades must be designed and installed in compliance with the tested wall assembly. Please refer to our technical website: www.trespa.info for data sheets and reports of products. To ascertain that the users of its products are aware, and seek to build compliant facades, Trespa introduced an order questionnaire to be completed.

High impact and scratch resistance

Each Pura® NFC product undergoes rigorous laboratory testing, exposing it to harsh climatic elements to ensure it retains its vibrancy and finish. Designed for enduring performance and aesthetic appeal, the Pura® NFC system represents a long-term investment in quality and durability.

Pura® NFC is highly resistant to:

- Impacts
- Scratches
- Wear and tear
- UV radiation
- Harsh weather conditions
- Moisture

PU24 Mystic Cedar

No painting or
refinishing needed

Hassle-free maintenance

Pura® NFC isn't just beautiful; its durability means you do not have to worry about it. The closed surface prevents dirt from building up, making cleaning easy and infrequent. There is no painting or refinishing needed. Contaminants like soot, salt, graffiti and permanent markers are easy to remove.

Buildings keep their vibrant beauty year after year. It's yet another way that buildings with Pura® NFC façades maintain their original style long after the architects and installers have left. Pura® NFC is an investment in lasting architectural appeal.

PURA® NFC
PU22 Slate Ebony

The closed surface created by Trespa's proprietary Electron Beam Curing (EBC) technology makes it hard for dirt to build up, locking it out and colors in.

PURA® NFC

Natural fiber core

The NFC in Pura® NFC stands for natural fiber core. The high-pressure laminate incorporates a minimum 58% bio-based contents. The natural fibers used, go through an advanced in-house developed manufacturing process, to turn them into high performance panels. All Pura® NFC products are certified according to the PEFC™ standard.

PURA® NFC WOOD DECORS: HARMONIZING WITH NATURE

Pura® NFC's rich palette of wood decors is inspired by nature to maximize design freedom and a long-lasting, beautiful finish.

PURA® NFC LUMEN: A MODERN APPEARANCE

Pura® NFC Lumen gently diffuses light for a modern or ethereal look. Its low reflection of light gives the façade a smooth matte appearance.

3 sizes to cover all your needs

Pura® NFC siding comes in three sizes to offer architects more flexibility to design each façade exactly as they see fit. The larger size can also reduce installation time.

120 x 7.32 inch 5.91 *ft*²
(3050 x 186 mm) 0.55 *m*²

NEW

120 x 14.41 inch 11.82 *ft*²
(3050 x 366 mm) 1.10 *m*²

NEW

120 x 21.5 inch 17.73 *ft*²
(3050 x 546 mm) 1.65 *m*²

PU22 Slate Ebony

PURA® NFC

Siding collection

Pura® NFC comes with a tailored collection of installation clips, color-matched profiles and fasteners. Every detail can look exactly as it was designed.

The siding comes prefinished, but if they need to be fitted for a dormer or eaves, the strength of Pura® NFC means installers can cut without splinters or shattering.

Also, the edges don't need sealing – the durability and hue go all the way through. Corners stay sharp and the surface stays smooth.

PURA® NFC
PU24 Mystic Cedar

Once installed, never redone

Pura® NFC is engineered to be used in a ventilated façade solution that's easily installed. The relatively low weight of the prefinished siding makes it easy to slide into place and its durability means it can handle a rough build site. The combination of durability and ventilation helps Pura® NFC withstand challenging climates.

GENERAL

These terms apply to the use of this document and such use automatically means that the other party agrees to these terms. The information provided by Trespa International B.V. ("Trespa") in this document is solely indicative. Trespa is unable to warrant the accuracy and completeness of this information. Trespa may change the information included in this document at any time and without further notice. Trespa's customers and third parties must ascertain that they have the most recent document (for the most recent version, please consult: www.trespa.com). No rights can be derived from the information provided; the use of the information is at the other party's risk and responsibility. Trespa does not warrant that the information in this document is suitable for the purpose for which it is consulted by the other party. This document does not contain any design, structural calculation, estimate or other warranty or representation that customers and third parties may rely on. This document does not guarantee any properties of Trespa products. Colors used in Trespa's communications (including but not limited to printed matter) and in samples of Trespa's products may differ from the colors of the Trespa products to be supplied. Samples are not intended for use in product tests and are not representative of characteristics of

the Trespa products. Trespa's products and samples are produced within the specified color tolerances and the colors (of production batches) may differ, even if the same color is used. The viewing angle also influences the color perception. Metallics panels feature a surface whose color appears to change based on the direction from which it is viewed. The specified color stability and color specifications relate only to the decorative surface of the Trespa products, not to the core material and samples of the Trespa products. Trespa products are delivered ex-works with straight, sawn sides. Customers and third parties must have a professional adviser inform them about (the suitability of) the Trespa products for all desired applications and about applicable laws and regulations. Trespa does not warrant the above. The most recent version of the current delivery programme and the Material Properties Datasheet can be found at www.trespa.info. Only the information in the most recent and valid Material Property Datasheet should be used to select and provide advice regarding Trespa products. Trespa reserves the right to change (the specifications for) its products without prior notice.

LIABILITY

Trespa is not liable (neither contractual nor non-contractual) for any damage arising from or related to the use of this document, except if and to the extent that such damage is the result of wilful misconduct or gross negligence on the part of Trespa and/or its management. The limitation of liability applies to all parties affiliated with Trespa, including but not limited to its officers, directors, employees, affiliated enterprises, suppliers, distributors, agents, and representatives.

GENERAL CONDITIONS

All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related activities of Trespa are governed by the Trespa General Terms and Conditions of Sale (Algemene verkoopvoorwaarden Trespa International B.V.) filed with the Chamber of Commerce and Industry for Noord- en Midden- Limburg in Venlo (NL) on May 9, 2023 under number 24270677, which can be found on and downloaded from the Trespa website, www.trespa.com/documentation. All oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related work of Trespa North America, Ltd. are governed by the Trespa North America General Terms and Conditions of Sale, which can be found

on and downloaded from the Trespa website, www.trespa.com/documentation. A copy of these general conditions of sale will be provided free of charge on request. All general terms and conditions other than the conditions mentioned above are dismissed and do not apply, regardless of whether such terms and conditions are referred to on requests for offers, offer confirmations, stationery and/or other documents of the other party, even if Trespa does not expressly object to such terms and conditions.

INTELLECTUAL PROPERTY

All intellectual property rights and other rights regarding the content of this document (including logos, text and photographs) are owned by Trespa and/or its licensors.
